

For an association of the University of Applied Sciences Osnabrück, the Universities of Osnabrück, Vechta and Göttingen and the University of Veterinary Medicine Hannover as well as the Chamber of Agriculture of Lower Saxony, the Chamber of Industry and Commerce Oldenburg and the Agricultural and Food Forum e.V., the "Center of sustainability transformation in areas of intensive agriculture (trafo:agrar)" has been established at the University of Vechta.

In this center, a full-time position (100 %) is available at the earliest possible date as

Scientific EU Project Officer (div./f./m.)

up to pay group 13 TV-L

The position is initially limited to a period of three years. A further extension is intended.

Your tasks

- Independent preparation of applications for third-party funding at the European level with a focus on Horizon Europe, INTERREG etc.
- Development and initiation of application-related research projects in the field of agriculture and food economy/farm-to-fork/green deal together with the consortium of experts from the trafo:agrar network.
- Scientific cooperation in the field of "transformation processes in the agri-food industry", including research and attendance of symposia on current topics for the application process
- Planning, implementation and moderation of participatory workshops for project development and consortium building
- Networking with the actors of the research network and with project sponsors.

Our offer

- An employment in the academic sector with challenging, varying and interesting activities,
- the promotion of your professional and personal development,
- a committed team in which you can contribute your ideas and develop them on your own responsibility,
- the opportunity to work from a home office,
- a dynamic working environment with room for creativity and initiative.

Your profile

- Completed university studies or completed training and professional experience in one of the specialist areas of trafo:agrar
- Experience in applying for EU projects
- Interest in shaping transformation processes in the agricultural and food industry
- Very good communication skills
- Very good knowledge of German and English, both written and spoken
- You are structured, organized, enjoy working in a team and have good time management skills
- Willingness to travel (national, international)

If you have any questions, please contact Dr. Barbara Grabkowsky, director of the Center of sustainability transformation in areas of intensive agriculture (trafo:agrar): Phone: +49.4441 15-287, mail: Barbara.grabkowsky@trafo-agrar.de.

We are looking forward to hearing from you!

Please send your application with curriculum vitae and references by e-mail (summarized in a single pdf file), quoting the reference number 22/66/trafo to:

Presidium of the University of Vechta
bewerbung@uni-vechta.de

The closing date for applications is August 19, 2022.

The University of Vechta values and promotes the diversity of people at the university and is actively committed to equal opportunities. This self-image is decisive for all selection procedures. Severely disabled applicants will be given preferential consideration if they are equally qualified.
